

# CSWC Operational Period Summary

## 0600 May 5 to 1800 May 5 2014

Hollywood Freeway downtown Los Angeles (AP Photo/Richard Vogel)

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Major construction U.S. Highway 50, Sacramento, Sacramento County (No Change)**

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets. The Caltrans Traffic Management Center (TMC) reports no issues to date with the project or the traffic in the area.
- Please see “Fix 50” slides for additional information, including [alternate routes](#).
- The CSWC will continue to monitor and provide situation awareness reports directly from CSWC.

## **Significant Weather**

- High Wind Warning in effect from noon today through 0300 Wednesday for portions of Riverside and San Diego Counties.

## **“Fix 50” Information**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

- Major construction is underway on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

### **2014 Project Dates**

### **Roadway Construction Timing:**

**Eastbound Highway 50: April 22 – May 21**

### **Phase 2: May 2 - May 21**

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

[\*\*Sacramento City Information Page\*\*](#)

[\*\*Fix 50\*\*](#)

## **“Fix 50” Information (Cont.)**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

**On-Ramp and Connector Closures:** There are additional traffic restrictions during Eastbound Phase 2 due to additional ramp closures. The following ramps and connectors will be closed throughout Phase 2:

#### **Eastbound Highway 50 On-Ramp closures:**

- 11th Street On-Ramp
- 16th Street On-Ramp

#### **Eastbound Highway 50 Connectors to:**

- Southbound Highway 99
- Eastbound Business 80 (Capital City Freeway)

**Hornet Drive Detour:** The suggested detour for motorists and commercial vehicles looking to access southbound Highway 99 or eastbound Business 80 from eastbound Highway 50 is to take Eastbound Highway 50 to Exit 9 (marked Howe Ave. / Power Inn Rd.) Stay in the right lane to use the California State University loop exit, which is before Howe/Power Inn. This loop will take drivers onto Hornet Drive, where they can then turn left onto the westbound U.S. Highway 50. Drivers can then proceed on Highway 50 to either Highway 99 or Business 80. Detour signs will direct drivers through the detour. Motorists should allow an extra 10 minutes to take the detour in addition to congestion delays going through the Fix50 work zone.

## **“Fix 50” Information (Cont.)**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

- Drivers going to the Sacramento Republic FC's soccer games on May 3 and 17 from eastbound Highway 50 will also need to allow extra time for the detour as well as for traffic congestion from the game.

### **Westbound Highway 50: May 27 – June 25**

#### **Phase 1: May 27 - Jun 10**

- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

#### **Phase 2: June 11 - June 25**

- During Westbound, Phase 2 (June 11-June 25) the following ramps will be closed: - 16th Street Off-Ramp - Connector ramp from westbound Business 80 to westbound Highway 50
- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

## **“Fix 50” Information (Cont.)**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes:**

**During work in the EASTBOUND direction (April 22 – May 21):**

#### **If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:**

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

#### **If traveling from Davis to Downtown Sacramento:**

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

#### **If traveling from Natomas/Davis to Rancho Cordova/Folsom:**

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

#### **If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):**

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

## **“Fix 50” Information (Cont.)**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes: (Cont.)**

#### **During work in the WESTBOUND direction (May 27 – June 25):**

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling through the project area during Phase 2 (Closed connector ramps from Business-80 to US-50 West):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

\*\*\*Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

#### **Eureka Weather:**

Showers will end tonight as the trough moves inland. High pressure will build over the region on Tuesday resulting in dry weather conditions through Wednesday.

#### **San Francisco Weather:**

Cooler temperatures, breezy conditions, and a few light showers are possible later today into tonight as a system slides across the area. A gradual warming trend is expected to begin midweek as high pressure builds near the coast. The warming continues to the end of the week and into next week.

### CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

#### **Sacramento Weather:**

A low pressure system dropping southeastward across Northern California will bring cloudiness, below normal temperatures, and a chance of showers into Tuesday. Dry and warmer weather returns by midweek.

#### **Hanford Weather:**

A strengthening onshore flow will bring cooler air into the region through midweek. An approaching area of low pressure will bring some rain and snow showers to the mountain regions Monday through Tuesday. By late week expect a return to much warmer temperatures and dry conditions.

## **WEATHER SYNOPSIS BY REGION: (Cont.)**

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

An approaching trough of low pressure and onshore flow will bring a cooling trend and gusty winds to much of the area through Tuesday, along with a slight chance of showers over the mountains and eastern Los Angeles County late tonight and Tuesday. Below normal temperatures linger into Wednesday until the second half of the week and into the weekend bringing a warming trend as high pressure returns.

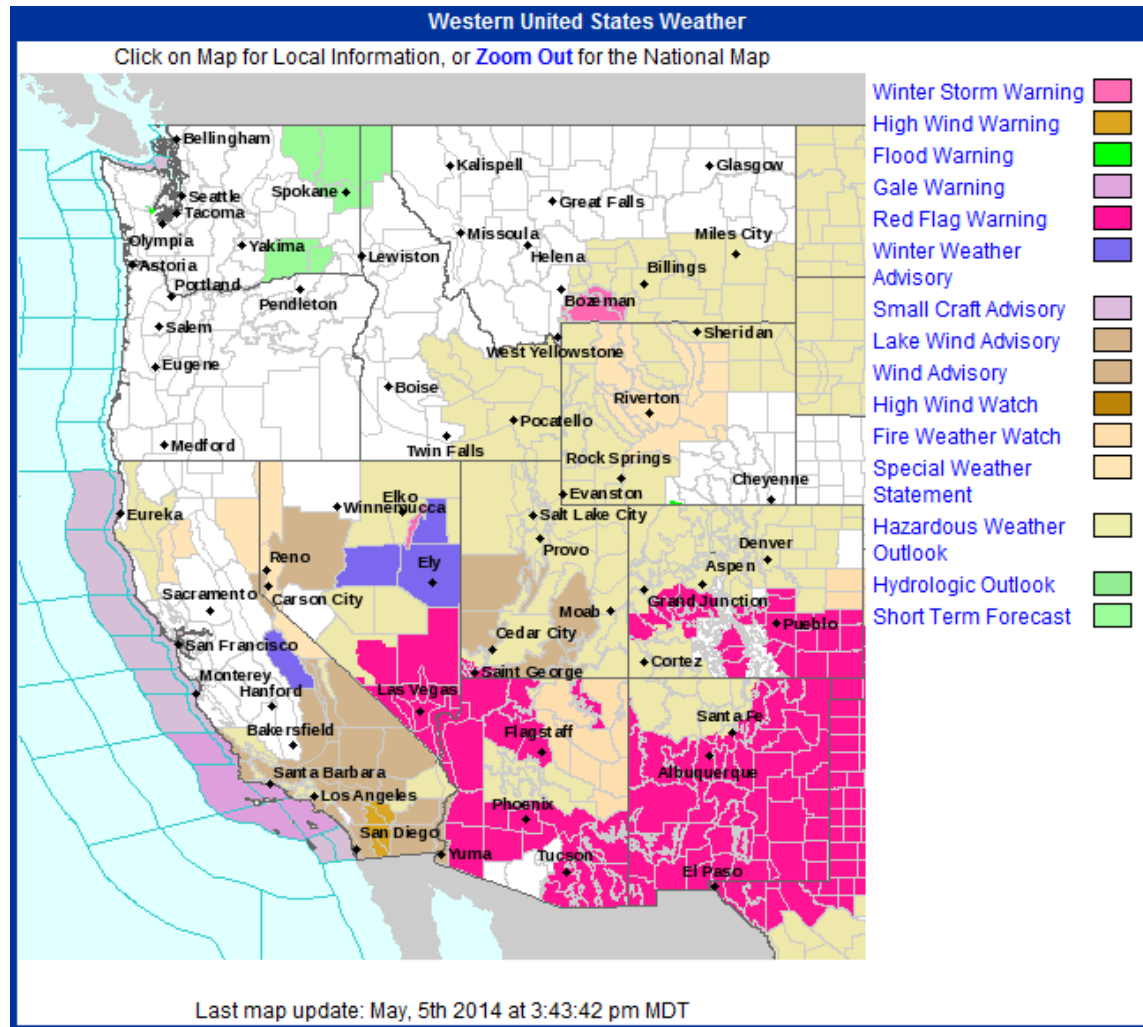

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

A low pressure system will move through California late tonight through Tuesday, bringing significant cooling, strong gusty west winds in the mountains deserts this afternoon through late Tuesday night, and precipitation along and west of the mountains late tonight into Tuesday morning. A warming and drying trend will follow for Wednesday through Saturday.

#### **Southeast California Weather:**

Strong southwest winds ahead of an approaching storm will continue across much of the region into this evening. Areas of gusty winds, scattered showers and much cooler temperatures will accompany the storm as it moves overhead Tuesday. The system will slowly pull away to the east Wednesday allowing mild and calmer weather to return the second half of the week.

# **CAL OES ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

## Situational Summary (Cont.)

Information as of 4/28/14

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# CAL OES MISSIONS

## New Cal OES Missions

- **2014-LAW-2878** Sacramento County Sheriff is requesting trailing dogs for a SAR. Cal OES LDO is coordinating resources. Update 1505 hours: MP located, resources released. Mission Closed

## Ongoing Cal OES Missions

- **2014-LAW-2867** Calaveras County Sheriff is requesting 3 human remains detection dogs for a SAR. Cal OES LDO is coordinating resources.
- **2014-LAW-2843** Plumas County Sheriffs Office (PCSO) is requesting Search and Rescue resources in support of a Humans Remains search Southwest of Lake Almanor. County SO will be providing 2-3 Humans Remains Detection (HRD) K9s for search efforts currently being planned for this coming weekend, 5/3-4/14.
- **2014-LAW-2814** Santa Cruz Sheriff's Office is requesting ground search and 3 HRD K-9 resources to assist in a cold case search that is scheduled to take place on 5/3/14. The request is for a single HRD K-9. Cal OES LDO has secured the requested resource.

# CAL OES MISSIONS

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2722** Travis Fire Emergency Services requesting the 95th CST for the Travis AFB Show 5/3-4/2014.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

# CAL OES MISSIONS

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

## **UPCOMING EVENTS, TRAINING, EXERCISES**

### **Diablo Canyon Power Plant Full Scale Exercise**

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

### **Tropical Cyclone Simulation Exercise Plan (May 8, 2014)**

The National Weather Service (NWS) offices and National Hurricane Center (NHC), Weather Forecast Office (WFO) San Diego, WFO Oxnard, Local Emergency Managers, CalOES, Cal OES Warning Center, FEMA Region IX, and Western Regional Operations Center (ROC) will participate in a tropical cyclone simulation exercise on May 8, 2014.

The scenario for this exercise will use NHC developed Advisory package materials as were developed for the May 2013 exercise within NWS. The scenario depicts a tropical cyclone moving NNW along the west coast of Baja California and eventually re-curving into southern California. The NHC Advisory package materials have been shared with WFO San Diego and WFO Oxnard. The exercise will be compressed into one day (May 8). Due to the limited time available, participants will utilize only two of the Advisory Packages (To Be Determined), one simulating the storm a few days away, and the second with the storm much closer, with warnings/watches “in effect”.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
